Fuel cost adjustment of Rs3.5 more per unit to further inflate bills
The Cen-tral Power Purchasing Agency (CPPA) on Mon-day sought a massive Rs3.55 per unit as fuel cost adjustment (FCA) for ex-Wapda distribution companies (Discos) to raise another Rs33bn from consumers in Dece-mber, des-pite a healthy 76 per cent ele-ctricity generation from cheaper domestic fuels. This comes on top of about 26pc increase in the annual base tariff and around 18pc hike under the currently implemented quarterly tariff adjustment (QTA). This means that consumers would benefit little from low consumption in December, as they would be charged such a big FCA amount on the relatively higher number of units consumed in October. ## Current account gap narrows to \$74m

The current account deficit (CAD) narrowed year-on-year by 91 per cent in October but it widened on a month-on-month basis. The latest data issued by the State Bank of Pakistan (SBP) on Monday shows the deficit remained within the estimate of the bank. Last week, the SBP governor said that CAD would remain well below $\$ 100 \mathrm{~m}$ in October and expected that it would be well-contained in 2023-24. The data shows that the CAD was $\$ 74$ million in October compared to $\$ 849 \mathrm{~m}$ in the same month last year, a contraction of 91.2 pc . This is in line with the SBP's policy despite the ease in the import restrictions. Click to see more

## Foreign investment dips 12pc in October

The poor health of foreign direct investment (FDI) could not improve in October but a meagre year-on-year growth of seven per cent was noted in the JulyOctober period of FY24. The State Bank of Pakistan (SBP) on Monday issued the latest data on foreign inflows showing no encouraging signs for the country. The total foreign inves-tment dipped by over 12 pc to $\$ 122.5$ million in October against $\$ 140 \mathrm{~m}$ in the same month last year. However, the inflows during JulyOctober were $\$ 524.7 \mathrm{~m}$ compared to $\$ 489.8 \mathrm{~m}$ in the same period last year, registering an increase of 7.1 pc . The PMLN-led coalition government had utterly failed to woo foreign investors during its tenure while the caretaker setup has been struggling to improve the situation. However, inflows remained low and limited to a few countries. Click to see more
